

ECO
BIDET EB-S300

**MADE FOR
AUSTRALIA**

V01.22 RETAIL

Eco Bidet is Australia's greenest, ergonomically designed electronic Bidet.

Comes with all the features you would expect from a premium bidet at an affordable price.

Environmentally
Friendly

The Eco Bidet just replaces your existing toilet seat. All the parts for a standard installation come in the box.

A simple side control places bidet functions at your finger tips.
The EB-S300 has all the features of a luxury bidet at an affordable price.

Rear wash

Ladies wash

Enema wash

Air dryer

Heated Seat

Child Mode

Massage & Move

Deodoriser

Power Saving

The Eco Bidet is the most advanced power saving bidet range available on the market today. Each wash costs less than a quarter of a cent.

Along with the savings in toilet paper usage, the Eco Bidet does a lot for the environment.

Child Wash

Just press the “child wash” button on the side control and the pressure and temperature of the wash are automatically halved.

Instant Heat & Dry

Just press the wash button and in a few seconds a gentle stream of warm water will clean you thoroughly.

Then press the dry button to activate a gentle flow of warm air.

Quick Release

The bidet seat can be removed with just the press of a button to allow for cleaning under the bidet.

Soft Close Lid

As an added comfort the bidet has been fitted with hydraulic hinges allowing for the seat and lid to close softly.

Deodoriser

Bad odours are removed when the air is sucked from the bowl through a charcoal block neutralising any smells.

This feature automatically starts when you sit on the bidet.

Microbial Plastic

The external plastic components of the seat, lid and top case are treated with an antimicrobial coating to stop bacteria from living on your bidet.

Colloidal Silver Filter

The filter is so easy to change, it just unscrews from the T-piece.

Not only does it protect your bidet from waterborne particles, it's antibacterial components protect you as well.

Germ & Virus Protection

The colloidal silver impregnated ceramic filter helps remove bacteria, germs, and viruses.
